

Nutritionally Complete with Important Nutrients Present in Breast Milk:

- DHA and ARA promotes brain and eye development
- Nucleotides

For the dietary management of milk and multiple food protein allergies

Powder - Add Water (Makes 97 fl oz)

14.1 oz(400 g)

Neocate Infant DHA/ARA is specifically formulated for the dietary needs of infants with milk and multiple food protein allergies and related conditions.

Important Notice: Neocate Infant DHA/ARA should only be used under medical supervision. Suitable for use as a sole source of nutrition, for infants under one year of age.

Directions for Preparation and Use :

Suggested intake to be determined by a healthcare professional and is dependant on the age, body weight and medical condition of the patient.

IT IS IMPORTANT FOR YOUR INFANTS HEALTH THAT YOU CAREFULLY FOLLOW THESE INSTRUCTIONS. YOUR HEALTHCARE PROFESSIONAL MAY CHOOSE TO RECOMMEND FRESH PREPARATION FOR IMMUNO-COMPROMISED INFANTS, USE ONLY UNDER A DOCTORS SUPERVISION.

To make a standard dilution (20 Cal/ fl oz), add 1 unpacked level scoop (4.6 g) of powder to each fluid ounce of water. Only use the scoop provided. Use a gram scale for the most accurate results, Do not boil formula or use a microwave to prepare or warm formula.

- 1. Wash hands thoroughly and clean the preparation area.
- Pour the required amount of cooled, boiled water into a sterilized feeding bottle*.
- Add the prescribed amount of scoops of Neocate Infant DHA/ARA to the water.
- 4. Place the cap on the bottle and shake until the powder dissolves.

*Boliing is the preferred method for sterilizing water, bottles, nipples and mixing utensils.

Amount of Water	Amount of Neocate Infant Powder to Add	Approximate Final Volume	
3 fl oz	3 scoops or 13.8 g	3.3 fl oz	
5 fl oz	5 scoops or 23 g	5.5 fl oz	
8 fl oz	8 scoops or 37 g	9 fl oz	

Important Preparation Information: Freshly prepared formula is best. Formula prepared in advance must be cooled rapidly, stored in the refrigerator and used within 24 hours of preparation. Formula remaining in the bottle after one hour of feeding should be discarded.

Storage: Store unopened can at room temperature. Do not store at extreme temperatures. Once opened, reseal can and store in a cool, dry place (not a refrigerator). Use within 1 month
